## WORLD ENVIRONMENT DAY CELEBRATION 2022

### Invited talk on: ONE PLANET, ONE FUTURE

Venue / Platform	: Baccinelli Hall
Date (s)	: 06/06/2022
Time	: 10:00 am -11.30 am
<b>Resource Person</b>	: Dr. Sindhu Joseph
Name of Collaborating Agency	: ENCON
(if any)	:
<b>Level</b>	: College
No: of teacher participants	: 9
No: of student participants	: 39

#### REPORT:

World Environment Day is the biggest international day for the environment. Led by the United Nations Environment Programme (UNEP), and held annually since 1973, it has grown to be the largest global platform for environmental outreach. It is celebrated by millions of people across the world. The theme for World Environment Day 2022 is "Only One Earth", with the focus on "Living Sustainably in Harmony with Nature". As part of World Environment Day celebration 2022, Dept. of Chemistry in association with ENCON Club organised an invited talk on "ONE PLANET, ONE FUTURE". The resource person for the session was Dr. Sindhu Joseph, Head, Dept. of Chemistry, Bharata Mata College, Thrikkakara. Around 40 students from various departments participated in the session. The special invitee, Dr. Sindhu Joseph, handed over tree saplings to our UG and PG student representatives. These saplings were later planted near the UG lab by the students and faculty members.

#### OUTCOME:

The purpose of World Environment Day is to spread awareness about the threat to the environment due to rising pollution levels and climate change. "World Environment Day is a reminder for us to pause and reflect on our actions and their subsequent consequences on the planet. We are living in a world where averting our eyes from the climate crisis is not an option. Ecosystem restoration means undoing the damages caused to the environment by humans to save Earth. The talk helped to reinforce the need to protect our environment for better tomorrow among the minds of younger generation.

## WORLD ENVIRONMENT DAY 2022

<b>Venue / Platform</b>	: BACCINELLI HALL
<b>Date (s)</b>	: 07-06-2022
<b>Time</b>	: 10.00 AM
<b>Resource Person</b>	: Mr.Manoj kumar I.B Environmentalist
<b>Name of Collaborating Agency (if any)</b>	: NIL
<b>Level</b>	: Department
<b>No: of teacher participants</b>	: 5
<b>No: of student participants</b>	: 78

On June 5 every year the nature empaths around the globe celebrate World Environment day to encourage awareness and observe its protection."To highlight the importance of ecosystem restoration" the Department of physics of St.Paul's College, Kalamassery organized a seminar on the topic "Creating a Natural Forest" on 7 th June 2022 at 10:00 am at Bacinelli hall as a part of World Environmental Day. Mr.Manoj kumar I.B served as the resource person. The program was commenced by a welcome note from Dr.Poornima N, Department of Physics,St.Paul's College, Kalamassery. Speaker has been introduced by Ms Aleena George. The chief guest Mr.Manoj introduced us to how to create a natural forest. His main area of focus was in creating a natural forest around us. A wide varieties of plants and saplings were introduced to the students.He also shared some videos regarding forest creation and most importantly he talked about our fractured relationship with nature and the importance of ecosystem.The program received a huge response from students and at the end of the seminar the student's asked their doubts to which the speaker answered in detail. The session was compared by Miss.Megha Unnikrishnan and the vote of thanks was delivered by Master.Emmanuel David.

## **WORLD OZONE DAY- ONLINE QUIZ**

<b>Venue / Platform</b>	: ONLINE GOOGLE FORM
<b>Date (s)</b>	: 16-09-2022
<b>Time</b>	: FULL DAY
<b>Resource Person</b>	: -
<b>Name of Collaborating Agency (if any)</b>	: NIL
<b>Level</b>	: College
<b>No: of teacher participants</b>	:
<b>No: of student participants</b>	: 79

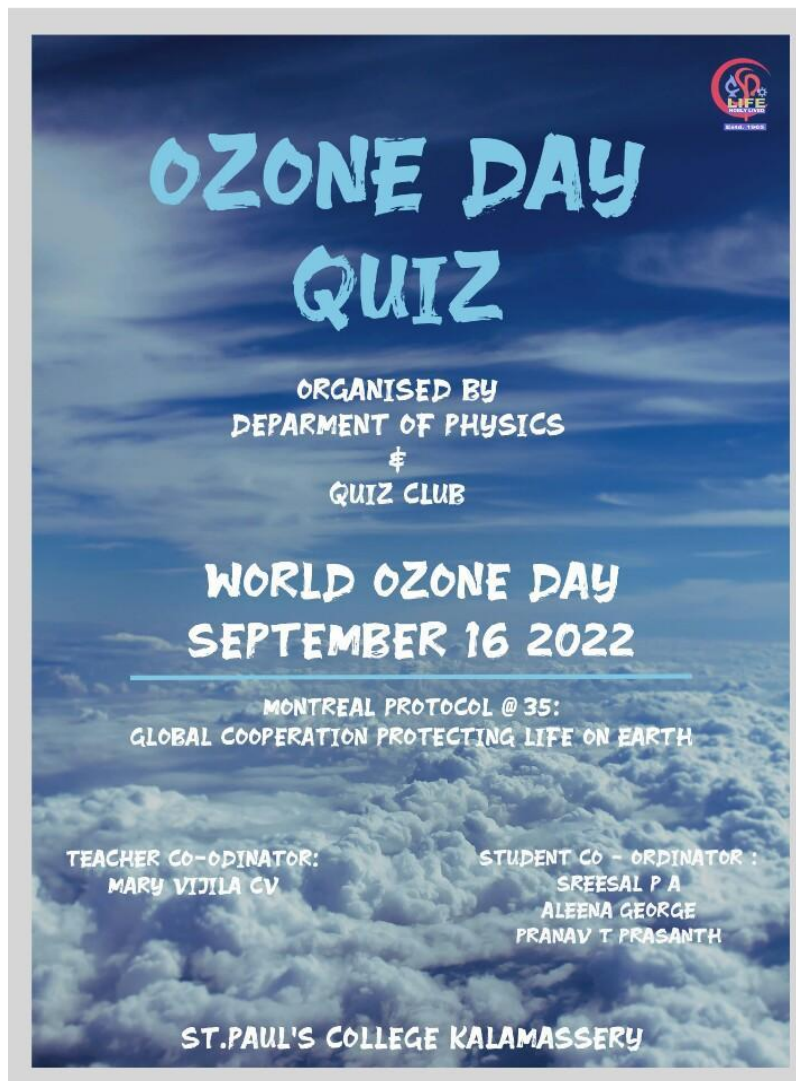

The Physics department organized an online quiz as a part of World Ozone Day Celebrations 2022. There were around 79 participants including teachers and students.

### **Benefits in terms of learning/skill/knowledge obtained:**

The program aimed to enlighten students about the importance of the ozone layer.

# BUTTERFLY GARDEN

## GREEN INITIATIVE

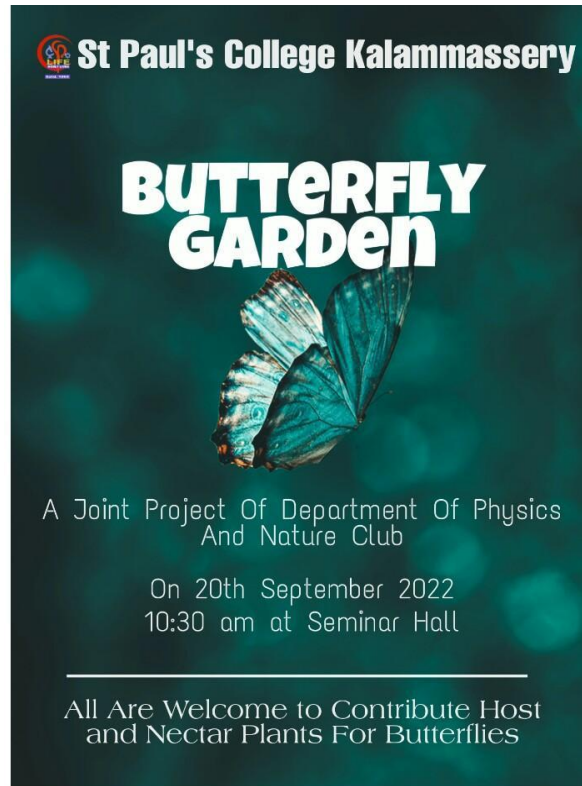

<b>Venue / Platform</b>	: BACCINELLI HALL & COLLEGE YARD
<b>Date (s)</b>	: 20-09-2022
<b>Time</b>	: 10.00 AM
<b>Name of Collaborating Agency (if any)</b>	: NATURE CLUB AND PHYSICS DEPARTMENT
<b>Level</b>	: College
<b>No: of teacher participants</b>	: 10
<b>No: of student participants</b>	: 50

The Department of Physics started a Butterfly Garden at the college yard in association with the Nature club on 20th September 2022. This programme is conducted as part of the green initiative of the department for the college. Ms. Renjitha, the assistant coordinator of nature club welcomed the gathering. Director, Rev. Fr. Felix Chullikal and Dr. Binil Kumar felicitated the gathering. Program coordinator Ms. Mary Vijila C V delivered a vote of thanks. Students and Teachers participated in planting saplings of host and nectar plants for butterflies.

### **Benefits in terms of learning/skill/knowledge obtained:**

Students who have participated in this event were educated about the importance of maintaining biodiversity.

## WORLD OZONE DAY CELEBRATION – 2022

### SEMINAR on “Ozone Layer-Global Cooperation Protecting Life on Earth”

Venue / Platform	: Baccinelli Hall
Date (s)	: 27/09/2022
Time	: 11.45-12.45 pm
Resource Person	: Dr. Rejimon P.K.
Name of Collaborating Agency (if any)	: ENCON Club
Level	: College
No: of teacher participants	: 11
No: of student participants	: 82

World Ozone Day 2022 is marked on September 16 to commemorate the signing of the Montreal Protocol, an international treaty that is designed to protect the Ozone layer by phasing out the production of numerous substances. World Ozone Day 2022 is celebrated every year globally on September 16 to initiate conversation and spread awareness on the depletion of the Ozone layer. Every year World Ozone Day theme is also announced by the United Nations focusing on the immediate actions that must be taken by the people as well as the governments. Ozone is a protective layer in the Earth's atmosphere that absorbs most of the ultraviolet radiation that reaches the Earth from the sun. World Ozone Day 2022 is observed to spread awareness about the ways that are effective in protecting the Ozone layer. World Ozone Day 2022 theme is 'Global Cooperation to protect Life on Earth'. The theme of World Ozone Day announced by the United Nations highlights the collective efforts that must be put in for the protection of life on the Earth.

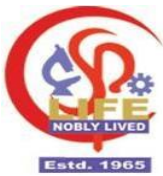

As part of World Ozone Day celebration 2022 Department of Chemistry in association with ENCON Club organised a seminar on “Ozone Layer-Global Cooperation Protecting Life on Earth”. The resource person for the session was Dr. Rejimon P. K., Asst. Professor, Dept. of Chemistry, Maharajas College, Ernakulam. Students from various departments participated in this session.

#### **Benefits in terms of learning/skill/knowledge obtained:**

The seminar helped the to raise awareness about the significance of the Ozone layer to the environment among the students.

### Student's Presentation on Environmental Issues

Date (s)	: 10 October 2022
Level	: UG, Department of Economics
No: of teacher participants	: 1
No: of student participants	: 55

Environment studies are all about learning the way we should live and how we can develop sustainable strategies to protect the environment. It helps individuals to develop an understanding of living and physical environment and how to resolve challenging environmental issues affecting nature. In addition to studying the physical aspects of the environment, it also emphasizes the need to conserve biodiversity adopt a more sustainable lifestyle and responsibly utilize resources. Students' role in **promoting environmental sustainability is very important**. To create awareness among today's generation on pressing environmental problems, and problems concerned with the environment. Students' presentation on environmental problems like air pollution and water pollution, Global warming, ozone layer depletion was conducted.

## Green Aisle

<b>Venue / Platform</b>	: Department of English Model 1, Payyappilly Block, St. Paul's College, Kalamassery
<b>Date (s)</b>	: 22 December 2022
<b>Time</b>	: 9.30am
<b>Resource Person</b>	:
<b>Name of Collaborating Agency (if any)</b>	: <b>Nature Club</b>
<b>Level</b>	: Department Level
<b>No: of teacher participants</b>	: <b>4</b>
<b>No: of student participants</b>	: 7

The green initiative titled Green Aisle was carried out on 22<sup>nd</sup> December 2022 by the Postgraduate Department of English. 9 money plant saplings were handed out to the class representatives with an objective to promote the idea of 'Plant Parenting'. Class prefects from UG and PG received the plant saplings from the head of the department Ms. Anila Treesa K J and Department COE Mr. Sam Thomas K X. The faculty coordinators of the programme were Ms. Anila Treesa K J, Mr. Sam Thomas K X, Ms. Dhanyalakshmi K D and Ms. Liya Justine. Mr. Eldode Eldho (II UG) and Ms. Serin Sara Prince (I PG) were the student coordinators of this programme.

### **Benefits in terms of learning/skill/knowledge obtained(Times New Roman,12,bold):**

1. Enhance Nature love among the students
2. Promote the idea of Plant Parenting
3. Promote indoor Planting and nurturing

# **"Embracing Sustainability: A Day with an Organic Farmer as We Honor the Stewards of Earth"**

**{A DAY WITH AN ORGANIC FARMER}**

**{HONORING AN ORGANIC FARMER}**

**Venue / Platform** : MUHAMMA

**Date (s)** : 22/1/23

**Time** :

**Resource Person** : K V DAYAL

**Name of Collaborating Agency (if any)** :

**Level** : Dept.

**No: of teacher participants** :1

**No: of student participants** :5

This report aims to provide a detailed overview of the social outreach activity conducted by the BBA students of St. Paul's College through their visit to K V Dayal Sir Manmade Forest in Alappuzha. The purpose of this activity was to contribute to environmental conservation and raise awareness about the importance of preserving natural resources.

### **Objective:**

The primary objective of the social outreach activity was to engage in hands-on conservation efforts and learn about the significance of manmade forests in maintaining ecological balance. Additionally, the students aimed to promote environmental consciousness among the local community and inspire them to actively participate in similar initiatives.

### **Activity Details:**

#### 1. Date and Duration:

- The visit to K V Dayal Sir Manmade Forest took place on 22/1/23
- The activity lasted for approximately 4 hours

#### 2. Participants:

- BBA students from St. Paul's College actively participated in the social outreach activity.
- 5 students were involved in the visit.

#### 3. Overview of K V Dayal Sir Manmade Forest:

KV Dayal, a great nature lover, created a great forest on one and a half acres, which is a model for the world today. On the one-and-a-half-acre land adjacent to the house, there are about two hundred different plants, about a thousand creatures, and two small ponds. He is known as the 'Forest man of Kerala'.

#### 4. Conservation Efforts:

Mr. K V Dayal

In Kerala, Alappuzha Muhamma Panchayath, KV Dayal, a great nature lover, created a great forest on one and a half acres, which is a model for the world today. He is a great man who has created new changes through organic farming methods. On the one and a half acre land adjacent to the house, there are about two hundred different plants, about a thousand creatures, and two small ponds.

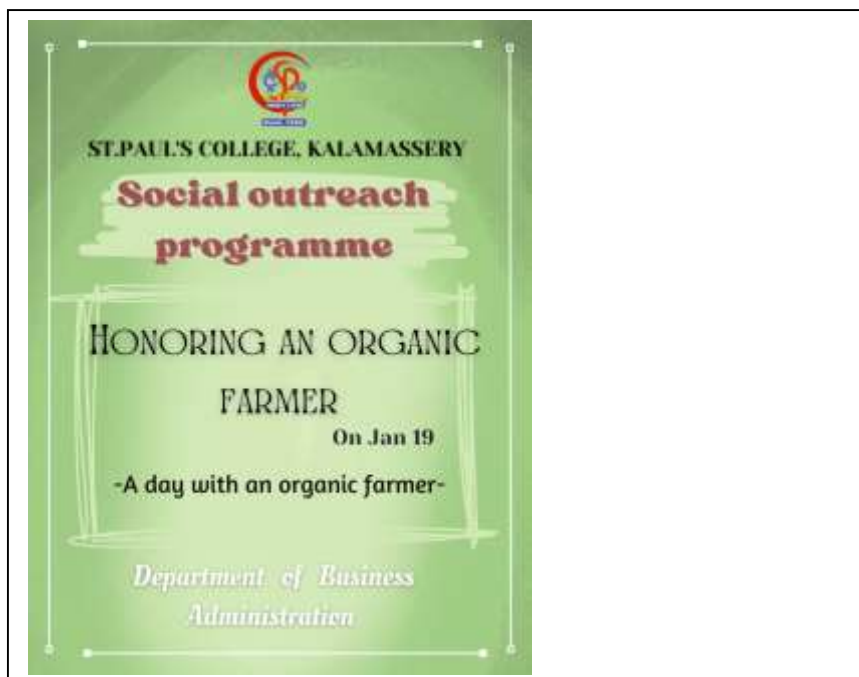

### Impact and Outcomes:

Organic farming is a subject which our students are studying in MOOC courses which is made compulsory by the university. The BBA students also studying a subject of Environmental science and human rights. So this discussion with k v dayal sir provided a practical insights into the world of environment.

### Conclusion:

The social outreach activity conducted by the BBA students of St. Paul's College through their visit to K V Dayal Sir Manmade Forest in Alappuzha was a commendable effort towards environmental conservation. The hands-on conservation efforts, awareness campaign, and community engagement showcased the students' dedication to making a positive impact on the environment and inspiring others to do the same. This report highlights the significance of their work and the outcomes achieved through this social outreach activity

### MEET THE SCIENTIST - 2023

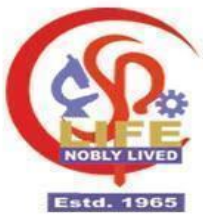

<b>Venue / Platform</b>	: BACCINELLI HALL
<b>Date (s)</b>	: 10-03-2023
<b>Time</b>	: 11.45 a.m.
<b>Resource Person</b>	: Dr. M. R. Ramesh Kumar Retired Senior Scientist, NIO, Goa
<b>Name of Collaborating Agency (if any)</b>	: Nil
<b>Level</b>	: College
<b>No: of teacher participants</b>	: 5
<b>No: of student participants</b>	: 75

#### **About the Programme:**

The Department of Physics organizes a “Meet the Scientist” Program every year. This year a seminar was conducted on the topic ‘Climate Change’ by Dr. M. R. Ramesh Kumar (Chief Scientist (Retired) & Head of POD, NIO, Goa) on 10<sup>th</sup> of March at 12 p.m. in the Baccinelli Hall. The seminar gave insight into the issue of climate change, its causes and consequences, role of oceans on climate change, greenhouse effect and global warming, various technologies to help us adapt to climate changes etc. The speaker also shared his experience of visiting Antarctica. There was a question and answer session towards the end of the program where the students got to clear their doubts on various topics including career paths. The program ended by 1.30 p.m.

**Outcome of the program :** The session was very useful to all the students. They were enlightened on the need to take environmental issues seriously and that the change should start within themselves. Also, students got to know about the scope of fields like oceanography and meteorology so that if interested, they could pursue their further studies in these fields.

The students of I M.Sc. Chemistry (2022- 2024) visited Mangalavanam Bird Sanctuary, Ernakulam on 16 March, 2023. They cleaned the surroundings by picking up plastics and made the area plastic free. The staffs of the sanctuary were impressed in their whole-hearted work and appreciated them for the same.

### **Benefits in terms of learning/skill/knowledge obtained**

The students got awareness about the cleanliness they have to follow in order to have an environment friendly ecosystem.

## **Report: Vegetable Farming Project at St. Paul's College, Kalamassery.**

### **Introduction:**

The vegetable farming project at St. Paul's College, Kalamassery, aims to inculcate a culture of farming among students while promoting healthy eating habits. The project is supported by the Department of Agriculture, Government of Kerala, under the initiative called Sustainable Campus Agriculture. The project's inauguration was held under the esteemed presence of Sri. P. Rajeev, Minister for Industries, Law and Coir in the Government of Kerala. A total amount of 74,000/- was sanctioned for the successful implementation of the project.

### **Project Objectives:**

The main objectives of the project are as follows:

- To promote a farming culture among students and raise awareness about the importance of sustainable agriculture.
- To cultivate and provide healthy, organic vegetables to students and teachers within the college community.
- To encourage the use of organic fertilizers and pesticides for cultivation, minimizing the environmental impact.
- To showcase the potential of sustainable agriculture in small-scale farming.

### **Cultivation Details:**

The vegetable farming project utilizes a total area of 1 acre within the college campus. Around 150 students participated in the project, which proved to be a motivating experience for them, leading them to pursue vegetable farming in their own homes. Initially, the farming was carried out using grow bags, with cabbage and cauliflower being planted in each bag. Each student prepared and labeled their own grow bag. However, we later improved the process by transitioning to cultivating directly on land. To prevent the growth of unwanted plants and ensure effective utilization of fertilizers, we employed mulching sheets. The entire area was covered with these sheets, and small openings were made to plant the vegetables. Water-soluble fertilizers were utilized for optimal growth. Various crops have been cultivated, including brinjal, tomato, chilli, snake gourd, bitter gourd, cucumber, vallipayar, kutti payar, pumpkin, spinach, and more. These crops have been carefully selected to cater to the nutritional needs of the college community while ensuring a diverse and sustainable cultivation system. Eventually, the vegetables yielded a revenue of approximately 22,000 rupees through sales.

### **Marketing and Sales:**

The harvested vegetables from the project will be sold within the college premises to both students and teachers. This initiative not only promotes healthy eating habits but also creates a direct connection between the produce and the consumers. It encourages the consumption of locally grown, organic vegetables, which have a positive impact on personal health and the environment.

## Use of Organic Fertilizers and Pesticides:

To ensure the production of healthy and organic vegetables, the project strictly adheres to the use of organic fertilizers and pesticides. Chemical-based fertilizers and pesticides are avoided to minimize the environmental impact and promote sustainable agricultural practices. The project serves as an excellent example of how farming can be done in an environmentally friendly manner.

### Cultivated crops

Sl. No	Item	Area	Revenue
1	Chilli	5 scent	3000/-
2	Brinjal	5 scent	3000/-
3	Valli Payar	10 scent	4900/-
4	Kutti Payar	5 scent	1200/-
5	Ladies finger	10 scent	4200/-
6	Bitter guard	5 scent	3000/-
7	Snake Guard	5 scent	200/-
8	Cucumber	10 scent	2000/-
9	Pumpkin	5 scent	
10	Spinach	Grow bag	500/-
11	Yam	5 scent	
12	Tapioca	5 scent	
13	Plantain	15 scent	
14	Tomato	5 scent	300/-
15	Cabbage	Grow bag	300/-
16	Cauliflower	Grow bag	400/-

## Conclusion:

The vegetable farming project at St. Paul's College, Kalamassery, supported by the Department of Agriculture, Government of Kerala, has successfully demonstrated the importance of inculcating farming culture in students. Through sustainable agricultural practices, the project aims to produce healthy and organic vegetables for the college community. By promoting the use of organic fertilizers and pesticides, the project contributes to a greener and healthier environment. This initiative sets a commendable example for other educational institutions and highlights the significance of sustainable farming for a better future.
